

PROJECT MANAGEMENT CHALLENGE 2006

Third Annual NASA Project Management Conference

BIOGRAPHY

Mr. Steven Waddell, PMP®, MBA
Senior VP, Strategy
Reed Integration, Inc.

Biography:

Steve Waddell is the Senior Vice President of Strategy for Reed Integration, Inc, and is a certified Project Management Professional (PMP®). He is also Past President of the Hampton Roads Area Chapter of INCOSE, where he initiated the successful HRA INCOSE seminar / symposium series with the very first Symposium on Risk in March of 1999, and has since led three others on Metrics, Risk, and Information Technology. Steve is an accomplished Project Manager with a broad range of experience in civilian and military program and project management. With a career spanning over two decades in product development, strategic planning and risk management, Mr. Waddell has held the lead role in developing and directing the risk management initiatives of many major defense programs, including ship, radar, propulsion and software projects. Mr. Waddell was the Risk Management Subject Matter Expert at Northrop Grumman Newport News for all aircraft carrier programs, as well as the company's Electric Drive program. In 1998, Defense Systems Management College recognized Mr. Waddell's Risk Management Process for the CVN 77 Aircraft Carrier Program as an Industry Best Practice. Mr. Waddell is also the Vice President of Special Projects for the Hampton Roads, Virginia chapter of PMI.
